

AMEGH MURIKKOLI

Full Stack Developer (MERN)

Bengaluru, India | +91 87672 16699 | ameghmurikkoli9@gmail.com | [Portfolio](#) | [LinkedIn](#) | [GitHub](#)

SUMMARY

Full Stack Developer with hands-on experience building and shipping production websites for real clients using the MERN stack and modern React tooling. Currently building and deploying client-facing web applications at a digital studio, from responsive UI implementation through form integrations, deployment, and version control. Comfortable owning a feature end-to-end — design handoff, frontend build, backend integration, and launch.

EXPERIENCE

MERN Stack Developer Intern — [Code & Thrive Studio](#) *Apr 2026 – Present*

- Built and deployed responsive, production client websites using React, Vite, and modern CSS, translating design references into pixel-accurate, mobile-first layouts.
- Integrated third-party services (Web3Forms) for client lead-capture forms, including validation, spam protection, and success/error states.
- Deployed and managed live client sites on Cloudflare Pages, working across preview and production environments.
- Collaborated using Git and GitHub for version control across feature branches on multi-page client projects.
- Worked directly with clients to translate business requirements (e.g. compliance copy, brand palette, calculators) into functioning UI components.

PROJECTS

[New Heights Lending & Finance](#) | *React · Vite · CSS · Responsive UI*

A responsive lending website helping Australian users compare home, investment, and business finance options with clarity, built for a live client.

[Code & Thrive Studio](#) | *HTML · CSS · JavaScript · Contentful*

A dynamic digital agency website showcasing web and app development, design, SEO, and marketing services, built with a headless CMS for easy content updates.

[Skinova](#) | *React · Vite · CSS · Responsive UI*

A refined skincare e-commerce storefront presenting nature-inspired products through an elegant, fully responsive shopping experience.
